Important to capture -IMF impact to Asian-or ASEAN region (Not Only -Europe):

As with other Asian countries, Indonesia has a size-able debt. In the last 10 years despite the debt bondage of the IMF has started less but the impact is still continuing. Recorded in 2014 (June), Indonesian debt rise to $ 284.9 Billion, visible impact is the burden of the state budget to pay debts Indonesia eroded due to financial restructuring programs running slow.
